

FIOCRUZ - PASTEUR - USP Call for Project Proposals 2021
Fundação Oswaldo Cruz - Pasteur Network - Universidade de São Paulo

SUMMARY

The call for proposals for projects involving the Pasteur Network, Fundação Oswaldo Cruz (Fiocruz) and the Universidade de São Paulo (USP) is now open.

The main objective is to facilitate the collaborations in priority areas of research and public health programs, particularly in the framework of the tripartite agreement signed between Institut Pasteur, Fiocruz, USP on June 8th, 2015. This call for proposals is also covered by the Memorandum of Understanding signed on 28 July 2017 between Institut Pasteur, Fiocruz, USP and FUSP and amended in 2020 to enable the parties to launch a new call in 2021.

The proposals should bring together researchers or teams from at least one institute member of the Pasteur Network (<https://pasteur-network.org/en/members/>), of the Fundação Oswaldo Cruz and of the Universidade de São Paulo.

The deadline for submitting applications is **October 10th, 2021.**

1. PASTEUR - FIOCRUZ - USP PROGRAM

The Pasteur - Fiocruz - USP Program aims at consolidating the scientific cooperation between researchers of the three institutions, in the framework of the tripartite agreements signed between Institut Pasteur, Fiocruz and USP, on June 8th, 2015 and on December 19th 2020.

2. RESEARCH COLLABORATION GRANTS

2.1. Goals of this grant

- To promote and facilitate high quality and long-term collaboration between faculty/researchers at the partner institutions in areas of strategic importance;
- To promote academic mobility;
- To facilitate the publication of high quality joint research papers;
- To facilitate the submission of high quality research bids.

2.2. Eligibility

- This year, and due to the global COVID-19 pandemic, the Coordination Committee will appreciate proposals that concentrate on prevention (including vaccine-related), treatments (whether experimental or immunotherapy), pathophysiology, neurology, immunology or any other relevant field related to SARS-Cov-2 infection.
- One “Pasteur”, one “Fiocruz” and one “USP”¹ coordinator will be identified when submitting the application form. The coordinators will be responsible for the supervision and execution of the project both scientifically and administratively.

2.3. Ineligibility

- Researchers who have ongoing projects from past calls cannot submit any other project to this call.
- The members of the Coordination Committee of the Fiocruz-USP-Pasteur Scientific Cooperation Agreement are also ineligible to submit projects to this call.

2.4. Funding and duration

- Funding up to 90 k€ (ninety thousand euros) will be made available up to two (2) selected projects, to be executed between January 2022 and November 2023. Each institution (Pasteur, Fiocruz and USP) will grant a total of 30k€ (thirty thousand euros)², with no obligation to provide equal amounts for each project.
- For USP, the budget will be administered by the University of São Paulo Support Foundation (FUSP).
- Details on the financial conditions of use will be given to the granted projects coordinators, in line with the financial policies of each institution.
- Proposals that include matching funds are encouraged. Please indicate this in your proposal.

2.5. Eligible costs

- Travel costs;
- Accommodation;
- Subsistence;

¹ Coordinators from USP must necessarily be active professors. Also, for USP, post-doctoral researchers may be added to the participants list, but are not eligible for funding.

² Equivalent to R\$, upon conversion made based on the sale price of the euro, published by the Central Bank of Brazil, referring to the date of the announcement of results in December 2021, with no change due to any exchange variation.

- Dissemination, issuance and translation of joint publications;
- Project consumables.

2.6. Format and Guidelines

Application Forms are available on-line in an English Version on <https://www.pasteur.fr/en/international/international-calls/call-projects-institut-pasteur-fiocruz-usp>.

Identical project proposals must be submitted in English to Pasteur, Fiocruz and USP coordinators.

2.7. Application Process

Each candidate must submit their identical applications to the coordinators in their own institution.
